Abduction Alleged.

Isnecial to The Times-Dispatch.1
CLIFTON FORGE, VA., May 8.—A.
J. Robinson and J. R. Simpson were
given a hearing before Mayor Bowles
this afternoon on the charge of abducting the fourteen-year-oid daughter of a Chesapeake and Ohio conductor, and detaining her from home all
of Sunday night and a part of Monday. After hearing the evidence, the
Mayor sent the accused to the grand
jury of the Circuit Court, and denied
bail for the prisoners. From the evidence brought out, it appears that the
girl and the two men remained in a girl and the two men remained in a batch of woods all of Sunday night near the cemetery of the city. The girl was not put on the witness stand, but the Mayor deemed it best to have the charge investigated by the grand jury. The entire affair has been kept a profound secret and did not become a profound secret, and did not becom public until after the arrest of two men, which was not effected until late yesterday afternoon. Simpson is a fireman on the railroad here.

FREDERICKSBURG, VA., May 8.—
The old "Rising Sun Tavern," in this city, has been purchased by the Society for the Preservation of Virginia Antiquities, and this historical landmark will be preserved. There Washington, Lafayette, John Paul Jones and General Hugh Mercer all gathered around the open freplace and talked over affairs of state in their day. In the Colonial days the post-office was kept there, Charles B. Jett. of Stafford, while plowing on his farm near this city, uncerthed a sabre two feet four Inches long. It had at one time a bone handle, but owing to the great length of time it had been in the ground, this had decayed.

Mr. S. S. Bradford, of this city, has purchased of Mr. Wharton, of Spotsylvania county, as show which was formerly owned by a captain of the Confederate States Navy, as evidenced by the star on the handle. The sabre was found on one of the battlefields of Spotsylvania county soon after the battle of the Civil Wat, forty-odd years ago.

S. S. S. is recognized everywhere not only as the best of all blood purifiers and the greatest of all tonics, but the one medicine that can be taken with absolute safety by everyone. Young or old, those in robust health, or those whose systems are delicate and run-down, may use it with the same good results, and equally without fear of any unpleasant or injurious after effects. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment, Medicines containing mercury, potash or other strong mineral ingredients of the stomach, producing chronic Dyspepsia, unfavorably affecting the bowels, and so deranging the system otherwise, that even if the original disease had been removed from the system it is left in such a weakened and deranged condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral ingredient of some kind. It is made entirely of the healing, cleamsing extracts and juices of roots, herbs and barks gathered directly from the forests and fields of nature, under our own supervision, and when they reach our laboratory contain all their original valuable tonic and blood purifying properties. We offer a reward of \$1,000 for proof that S. S. S. contains a particle of mineral in any form. Being made entirely from these vegetable lagredients S. S. S. is absolutely harmless to the system, and while curing disease adds health and strength to every part of the body. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other blood troubles by removing the cause and supplying the circulation with health-giving and strength-producing qualities, THE SWIFT SPECIFIC CO., ATLANTA, GA.

of City Depositories.

Mayor McCarthy yesterday forwarded to City Clork B. T. August a message voting the ordinance passed Monday night designating the Bank of Commerce and Trusts as a city depository. The reasons for withholding approval of this measure are, it is understood, the fact that there are already night designated depositories, and that it greatly increases the labor and difficulty of the Treasurer's office in keeping separate accounts for all these banks. The unnecessary multiplication of depositories is deprecated for this reason.
